

HOOSIER PATRIOT MEMORIAL

The Indiana National Guard "Hoosier Patriot Memorial"

Washington Park East Cemetery, Funeral And Community Life Center

Progress Update

Construction Underway

As of today, the larger-than-life-sized bronze statue of the guardsman holding a child ("The Rescue") is well on its way to being completed. Likewise, the tall glass etched "Minuteman" panel backdrop is also near completion at the glass factory.

Excavation work has begun on the site and reports are that all the adjunct manufacturing processes (railing work, granite paver cutting and sandblasting, landscaping plans, flagpole details, etc) are "on schedule." It is quite apparent that all elements of this unique and important project are coming together well.

Please mark your calendars and tell your friends that the official dedication ceremony for the Memorial are set for **Thursday, November 8th, 11:00AM** on site at Washington Park East Cemetery, 10612 E. Washington Street, Indianapolis Indiana.

Please feel free to call Bert Pettygrove at (317) 538-3019 or (317) 898-6611 or by e-mail bpettygrove@buchanangroup.org with any questions, suggestions or comments. We will be sending along more updates as we approach November.

"The Rescue" arriving at the Foundry to begin the bronzing process.
